INTRODUCTION

The "Online Marketplace Platform" is an e-commerce solution focused on enhancing user experience and trust. Inspired by platforms like Daraz, it includes features such as product inspection before payment, complaint management, and Customer-to-Customer chat for real reviews. The platform allows secure user registration, browsing, purchasing, and real-time order tracking, ensuring a seamless shopping experience. With secure payment integrations and a user-friendly interface, it aims to provide a reliable and transparent online shopping environment.

OBJECTIVES

- Develop a responsive e-commerce website to display diverse products.
- Implement secure user authentication for personalized experiences.
- Enable a shopping cart system for adding, reviewing, and adjusting items before checkout.
- Provide a secure and streamlined payment process.
- Efficiently manage product, user, and order data in a database.
- Integrate product inspection before payment to enhance user trust.
- Implement a complaint management system for tracking and resolution.
- Enable Customer-to-Customer chat for direct communication and product inquiries.
